FALL TERM ON MONDAY

After a rest of several weeks the September term of circuit court opened Monday morning. The biggest docket yet stared Judge Fink in the face when he called for the opening of court. The hearing of motions and making appearances occupied the time of the court during the forenoon. The grand jury was called and sworn and sent to deliberate.

Of the big docket to come this term 53 are civil cases and 25 criminal. On the criminal docket one murder charge appears, that against William Arney and William Booker, for the crime committed several years ago in Mishawaka and to which a confession was made this spring by Booker.

Mme. Japrose Talks on Personal Cleanliness

The daily bathing habit is more than desire to appear clean and bright. It is a positive necessity for complete health. The pores of the skin are nature's breath ducts and to clog them up is to invite ill health. The happiest men and women and children on earth are those who are perfectly clean, and perfect cleanliness comes from the use, in the bath, of Jap Rose, the bubble bath soap. The delicate odor of this delightful toilet requisite gives one that sense of perfect cleanliness; free from the odors of perspiration. Sold at 10c by almost every good merchant in this country.

STRIKES POLE WHEN HE DODGES MACHINE

Collision is Narrowly Averted at Vistula av. and South st. When Dr. James Glassman Turns Car Towards Curb.

In an attempt to avoid a collision, Dr. James Glassman, Turket Creek road, drove his auto into a post at the corner of Vistula av. and South st. and demolished the front part of his car, but escaped without any bruises. He was traveling south on Vistula at the time.

The accident took place when a touring car driven by Miss Isoline Ryer accompanied by her mother, Mrs. L. F. Ryer, who lives on the Michigan road west of the city, turned west on South st. from Vistula av. According to several spectators the women were driving at a slow rate when the roadster driven by Glassman dodged around them into the curb.

The women claim that after veering around them and crashing into the curb, Glassman left his car and threatened to have them arrested. He called the police and demanded that they arrest the women claiming that they were on the wrong side of the road before turning the corner.

No arrests were made as the witnesses of the accident claim that Glassman was driving at high speed and that the women were not to blame. The machine driven by the women was not damaged.

SULZER QUESTION IS RAISED ONCE MORE

Hearing on Refusal to Honor Governor's Pardon Brings up Two Problems.

KINGSTON, N. Y., Sept. 9.—Only two questions were presented in the habeas corpus proceedings resulting from the refusal of Warden Hayes of the Blackwell's Island penitentiary to recognize the pardon granted by Gov. Sulzer to Joseph G. Roth when the matter was argued before Supreme Court Justice Hasbrouck Monday.

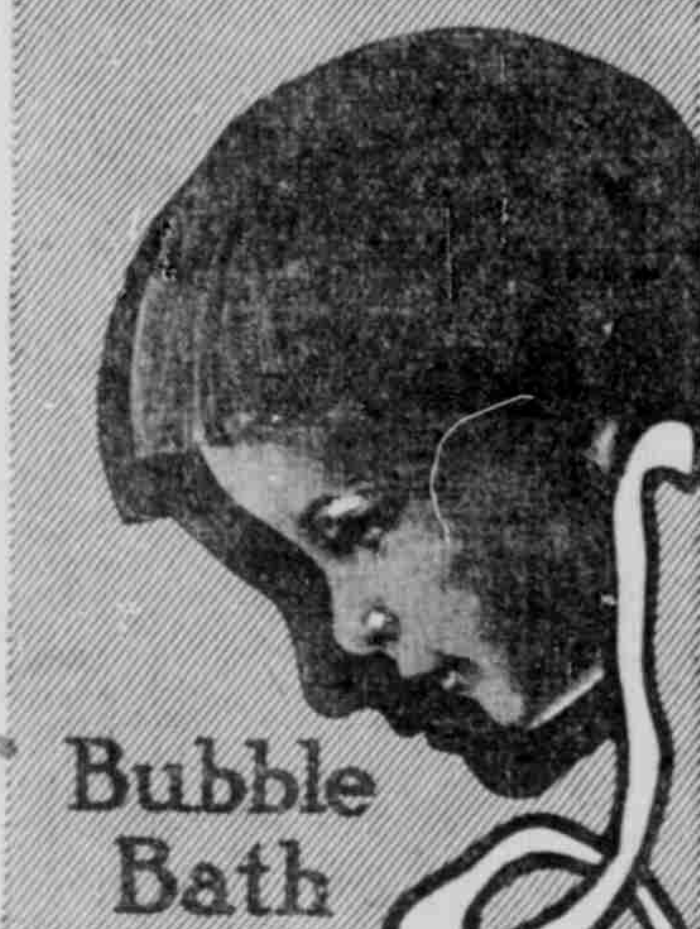

The questions were, first, whether the assembly had a right to act as impeaching body during an extraordinary session called for another purpose, and second, whether the filing of articles of impeachment by the assembly acts as a check upon the governor's exercise of executive functions. After listening to arguments Justice Hasbrouck reserved decision and requested that briefs be presented in two days.

The entire matter as submitted to the court rests solely upon the legality of Gov. Sulzer's pardon.

"THE SHEPHERD OF THE HILLS"

A good sized audience, considering the counter attractions, attended the performance of "The Shepherd of the Hills" at the Oliver last evening. The play is an interesting dramatization of the well known story and the cast was painstaking and capable.

The title role was played by E. M. Aiken in a dignified and convincing manner. Hardin Rickman, as Grant Mathews looked and acted the sturdy young mountaineer true to life. The role of Sammy, his sweetheart, was interestingly portrayed by Lola Stuart and Dolle Day, as the simple minded Pete, added a pathetic touch to the well told story.

A number of backwoods characters were cleverly impersonated particularly the talkative tobacco chewing Preacher Bill, by Harry Boyle, whose quaint comedy was a welcome relief after some of the more serious scenes. The three special settings were sufficiently realistic and the performance pleased.

EVA TANGUAY DRAWS DOWN \$100,000 A YEAR

It seems inconceivable that an actress giving a vaudeville performance as a "single," meaning of course without the aid of a company or of a single person other than herself, could command and get such a salary of \$2,500 a week and in some cases \$3,000 and in at least one case, \$3,500 but that is just what Miss Eva Tanguay, the world's highest salaried actress, has accomplished. When local people see Miss Tanguay give her wonderful performance at the Oliver Tuesday afternoon and night they will come to a full realization of the fact that all of the wonderful things said about her in the press of the country are justified.

Miss Tanguay's salary aggregates more than \$100,000 a year and every manager who has ever paid her a week's salary has admitted that the investment brought the greatest return of any money he ever expended. In every theater she appeared she has accomplished the feat of breaking every existing box office record and recently she finished a seven weeks' engagement in New York theaters that was the most sensational in the history of vaudeville for at 112 performances the box office sale was stopped by order of the fire marshal.

Miss Tanguay will give in its entirety the act which she offered during her record breaking New York engagement and in addition will add her famous and original interpretation of "Salome" a specialty for which she was paid \$3,500 for one week at the Brighton Beach music hall two seasons ago.

THE FIREBUGS.

A two reel (Keystone) number in which Cohen hires two rival firebugs to burn out his clothing business. Characters are fair, but the humor of the piece is not very strong. One of the firebugs starts the fire, but his competitor puts it out and when Cohen goes to collect, he finds no actual damage has been done, so he gets no insurance. The chief merit of the picture is perhaps in the fact that it exposes, in burlesque fashion, the manner in which some fires are brought about.

AT THE MAJESTIC.

Owing to the favor with which the Frisco Four, a local quartet with a professional reputation, has been received, they have accepted a return bill at the Majestic. Their ability to change songs frequently and the variety they put into their act make them a strong attraction and they will remain at this popular little play house indefinitely. Bonnie Dee, a talented little singer and dancer, has an act of merit and one that pleases the patrons. Vance and Vance are nimble dancers and amusing in their comedy patter. Rose Beckerich in new illustrated songs and pictures that change daily, please.

WALKING GIRL TELLS HER HEARERS TO HIKE

Miss Mason Says Everyone Should Hike Across State in Talk at Columbia Theater.

"Every woman should walk across the state at least once during her life and I would suggest that a vegetable diet be adopted by both sexes," said pretty Miss Gladys Mason who is walking from New York to San Francisco, when she talked to the audience at the Columbia theater Monday night.

Miss Mason is down on the meat man and believes that an exclusive vegetable diet is enabling her to make the long cross country hike in record time. Besides a short talk by the pretty female "hiker" who is the first to make the long march, the theater presented a new bill which will run the rest of the week.

Headed by Knapp and Murray, two witty and clever comedians, three other big acts followed by three big reels of movie film make up a pleasing program. The two Browns took a big part in the evening's performance with their clever steps and dances while the Pontiere closed the bill in a most interesting juggling act.

Hays is expected to return here to hear requests of citizens for a special session of the legislature to authorize the commission form of government for Hot Springs.

NOISE GREET'S NIAGARA

SANDUSKY, O., Sept. 8.—Commodore Perry's resurrected flagship, the Niagara, was greeted with a noisy welcome of factory and boat whistles and the battery of cannon at Johnson's island when she came into port here Monday morning towed by the Essex.

This officially opened Sandusky's two day Perry centennial celebration.

"I Will"

"I wish" is the dividing line between desire and attainment. Nothing is ever attained by wishing unless there's the will to do it.

The man or woman who says "I will have money," and begins that minute to save, will generally have their desires gratified. The determination back of the "desires" spurs them on to greater effort. Opportunities are theirs that never come to the moneyless, thriftless spender. Stop wishing. Start saving—today—HERE.
